

## ISIT315

### Assignment 1 (5%)

**Due: Week 4 (Marking will be done during the lab tutorial)**

Write RDF/XML statements to describe **YOU**. Then use the RDF Validator [https://www.w3.org/2001/sw/wiki/RDF\\_Validator](https://www.w3.org/2001/sw/wiki/RDF_Validator) to parse RDF/XML statements to ensure no error is found. Choose the display result options as “Triples and Graphs”.

You are required to run the Validator to demonstrate the RDF/XML statements during marking.

#### Marking criteria

Criteria	Mark
Complexity of RDF graph	2
Appropriate use of IRIs, blank nodes and typed literals	2
Correctness	1
Total	5

#### Marking

The marking will be done during your allocated tutorial in Week 4. In addition, you are required to submit the file to the Moodle site.
